

ARMOR

# 31-F19

RM: 3.1

— Trait Packages —  
**XTENDFLEX®**

Trait	XTENDFLEX
<b>CHARACTERISTICS</b>	
Maturity	3.1
Plant Type	Indeterminate
Plant Height	Tall
Lodging	M. Resistant
Shatter	—
Flower Color	Purple
Hilum Color	Imp. Black
Pubescence	Gray
Pod Color	Brown
Seed Size	—
<b>DISEASE RATINGS</b>	
Phytophthora	Moderate
Phytophthora Gene	Rps 1c, 3a
Sudden Death	Moderate
Frogeye Leaf Spot	—
Stem Canker	Resistant
Cyst Nematode	R3, MR14
Southern RKN	—
Brown Stem Rot	Moderate
Iron Chlorosis	Moderate
White Mold	—
<b>RESPONSE RATINGS</b>	
Chloride Tolerance	Excluder

— Plant Height —  
**TALL**

— Soil Type —  
**LIGHT-HEAVY**

— Emergence —  
**VERY GOOD**

**Soybean Rating System:** There are many ways to evaluate diseases, agronomic characteristics, etc. Since many of these ratings are subjective, an explanation is listed here: **Resistant** implies no or very slight disease presence when conditions are favorable for development. **Moderately Resistant (M. Resistant)** implies slight disease presence when conditions are favorable for development. **Moderate** implies some disease presence when conditions are favorable for development. **Moderately Susceptible (M. Susceptible)** implies significant disease presence when conditions are favorable for development. **Susceptible** implies very significant disease presence when conditions are favorable for development.

These are general recommendations based on data taken from breeder, university, company trials and producer field observations and do not constitute a warranty of fitness or guarantee of performance for a particular use. • Double cropping Maturity Group IVs can be extremely risky without adequate irrigation and proper variety selection. • Upright implies a narrow canopy with very little branching. Intermediate implies a wider canopy with some branching. Bushy implies a wide canopy. **Imp. Black** = Imperfect Black. **NG** = No Gene. **—** = Not Available.

Unauthorized propagation, seed multiplication, and/or sale, offering for sale, exchange, delivery, transfer, import, or export of seed of this variety is prohibited. Violators of the U.S. Plant Variety Protection Act (PVPA) will be subject to proceedings under federal and state law and may be liable for money damages. Seed of varieties protected or applied for under 1994 amendments to the PVPA cannot be sold for reproductive purposes without permission from the owner of this variety.

Ratings are general. Soil and environment may adversely affect performance.
